February 2024

Announcements

Respond to the latest Request for Information on [automated EHR data entry and extraction capabilities](#) by February 29, 2024.

[Health Data, Technology, and Interoperability: Certification Program Updates, Algorithm Transparency, and Information](#)

[Sharing](#), ruled by HHS, effective date 02/08/2024 This final rule fulfills statutory requirements and aligns with administrative priorities; advances equity, innovation, and interoperability; and supports the access, exchange, and use of electronic health information (EHI). It also promotes the responsible development and use of artificial intelligence through transparency and improves patient care through policies that advance standards-based interoperability and EHI exchange, which are central to the Department of Health and Human Services' efforts to enhance and protect the health and well-being of all Americans.

NCI Office of Data Sharing Director, Jaime Guidry Auvil, Ph.D., received an [HHS Data Excellence Award](#) for Distinguished Achievement in Federal Data and Policy.
